INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Stockholders of

AMERICA INVEST ONLINE, INC.

I have audited the accompanying statement of financial condition of America Invest Online, Inc. as of December 31, 2009, and the related statements of income and expense, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with generally accepted auditing standards accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, I express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial condition of America Invest Online, Inc. as of December 31, 2009, and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplementary schedules listed in the accompanying index is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

1. Summary of significant accounting policies:

Income taxes:

The Company is organized as a corporation. Income taxes are based on the income of the company.

2. Lease commitment:

The company leases office space with future minimum lease payments at December 31, 2009 as follows:

2010

\$4,042

3. The following supplementary information is submitted:

Exemption from Rule 15c-3 is claimed under (k) (2) (ii):

All customer transactions are cleared through another broker dealer, Legent Clearing Corp., on a fully disclosed basis.

4. Net Capital requirements:

As a registered broker-dealer, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1. The Rule requires that the Company maintain minimum net capital, as defined, of 6.67% of aggregated indebtedness, as defined, or \$50,000, whichever is greater. Net capital as reported on page 9 of this audited Form X-17A-5 indicates net capital of \$90,093, which exceeded the required minimum net capital of \$50,000 by \$40,093. The ratio of aggregate indebtedness to net capital was .12 to 1.

5. Off-Balance-Sheet risk and concentration of credit risk

In the normal course of business, the Company may have cash at banks in excess of federally insured limits and is exposed to the credit risk resulting from this concentration of cash.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors and Stockholders of

AMERICA INVEST ONLINE, INC.

In planning and performing our audit of the financial statements and supplementary schedules of America Invest Online, Inc. (the "Company") for the year ended December 31, 2009, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(I) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- 1. Making quarterly securities examinations, counts verifications, and comparisons.
- Recordation of differences required by rule 17a-13.
- 3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affect the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will riot be prevented or detected by the entity's internal control.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.

This report recognized that it is not practicable in an organization the size of the Company to achieve all the divisions of duties and cross-checks generally included in a system internal accounting control, and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of management, the SEC, the Financial Industry Regulatory Authority, Inc. (FINRA) and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
